

## Summer Learning 2017

Reading can be one of the many fun activities children fill their summer time with. Research has shown it is also much more! Children who participate in a public library

summer reading programs not only avoid the "summer slide" in learning, but also score higher on reading achievement tests than those who do not participate. The books on this list come highly recommended by kid readers from all over the country and may also be available in eBook, audio book, braille, and large print formats. This summer, encourage your child to participate in the summer programs happening at your library.

K-2 Summer reading Suggestions:

*Great Websites for Kids: Great Websites for Kids* is a compilation of exemplary websites geared to children from birth to age 14. Suggested sites are evaluated by the *Great Websites for Kids Committee* using established selection criteria. The committee is made up of members of the *Association for Library Service to Children*, a division of the *American Library Association*.
